Elevate Your Patient Care with Cognivue Thrive™

The first fully computerized cognitive screening tool for use in ENT and audiology

Test Drive Thrive

Special offer for ASHA 2021 attendees:

Test drive Cognivue Thrive in your practice for **60 days at no charge**

Discounted subscription after 60 day trial: **$360.00/month**

**Computerized Test of Cognitive Function**

Cognivue Thrive™ objectively, quantitatively and reliably identifies changes in cognitive function that could be indicative of an impairment that requires physician referral.

**Cognivue Thrive™ Technology**

Based on FDA-cleared technology and protected by 17 patents, Cognivue Thrive was intuitively designed to eliminate testing variables.

- Self-administered
- 5-minute test
- Simple 1-page report
- Secure and confidential

Cognivue Thrive is an adjunctive tool for evaluating cognitive function. It is not a stand-alone diagnostic tool.
